

The Good Neighbour Code:

Leaving The Site

Always tidy your pitch and make sure you do not leave bags of rubbish lying about. Check out at reception, pay your site fees and thank them for an enjoyable stay.

Wild Camping

Camping on a non-licensed site without the permission of the landowner is illegal in the UK. If you do have permission to camp on an unlicensed site, always follow the advice in the code. Pay particular attention to the following points:

- Dispose of litter only in receptacles provided for the purpose. If there are none, put litter in plastic bags and take it away with you to dispose of in an appropriate manner.
- Control the water waste from your motorhome, do not let it run onto the ground.
- Chemical toilets must only be emptied in an appropriate waste point.
- Do not hang washing or similar items outside your vehicle.
- Do not allow children to climb on fences or walls. Damage to these may allow farm animals to stray into the wrong field.

Parking

You should only park your vehicle in an approved place and during the permitted times. Do not use any of your facilities such as cooking or washing in a way that may cause annoyance or inconvenience to those around you.

User Manuals

Before using your motorhome for the first time, and at the beginning of each season, read and follow the advice given by the manufacturer and appliance manufacturers in their user handbooks.

Protecting The Environment

Always behave and, encourage children to behave, in a manner that protects the environment and other people's property. Please read and follow the advice contained in the country code and the coastal code. After many years of use you may decide that your vehicle has reached the end of its useful life and should be disposed of. Please ensure that you comply with the end of life vehicle legislation and take it to an authorised treatment facility who will deal with it pro
